FOOD SAFE BACTERICIDAL CLEANER INFORMATION SHEET

USE:

An odourless food safe cleaner that removes build-ups of grease and grime for hard surfaces. It contains a bactericide and is effective against most common forms of bacteria, making it ideal for use in kitchens and food preparation areas.

DIRECTIONS:

Wear protective gloves. Heavy duty cleaning: Dilute with approximately 10 parts of water and apply by trigger spray, cloth or mop. Allow five minutes contact time and rinse away with a damp cloth. General purpose cleaning: Dilute with up to 50 parts of water. Spray or wipe solution onto the surface, allow few seconds to react and wipe clean with a damp cloth. Bactericidal Cleaner may be used to clean a variety of kitchen surfaces including worktops, cupboard fronts, external equipment surfaces and floors. Always clean vertical surfaces from the bottom up to avoid unsightly streaking.

TECHNICAL:

State:	Liquid
Colour:	Colourless
Odour:	Characteristic odour
Oxidising:	Non-oxidising (by EC criteria)
Solubility in water:	Soluble
Viscosity:	Non-viscous
Boiling point/range°C:	100
Flash point°C:	>70
pH Level:	12

PERSISTENCE AND DEGRADABILITY: Biodegradable.

FOOD SAFE BACTERICIDAL CLEANER

An odourless food safe cleaner that removes build-ups of grease and grime from hard surfaces. It contains a bactericide and is effective against most common forms of bacteria, making it ideal for use in kitchens and food preparation areas.

DIRECTIONS

Wear protective gloves. Heavy duty cleaning: Dilute with approximately 10 parts of water and apply by trigger spray, cloth or mop. Allow five minutes contact time and rinse away with a damp cloth. General purpose cleaning: Dilute with up to 50 parts of water. Spray or wipe solution onto the surface, allow few seconds to react and wipe clean with a damp cloth.
