

Odour Digester

Available in: 4 x 5ltr
Order Code: 1798/57

PRODUCT DESCRIPTION

Odour Digester is a biological stain and odour eradicator designed for use on carpets, upholstery, fabrics and flooring where soiling such as body fluids and spilt beverages has been absorbed into the fabric.

May also be used around urinals, walkways, sink outlets, baths, showers, kitchen waste units and areas contaminated with urine or vomit etc.

Prevents the re-growth of mould and moss on damp paths and in changing areas with poor ventilation.

Contains unique probiotics which work by using eco-friendly bacteria that create enzymes and helps break down organic matter and digests the source of malodours.

DIRECTIONS FOR USE

Use neat as supplied for odour treatment and removal of black moulds, fat & urine. For general maintenance, dilute up to 1:20.

First remove any loose debris/soiling from surface, then apply solution to the affected area immediately after contamination occurs.

- A biological stain and odour eradicator.
- Suitable for use in many areas.
- Prevents re-growth of mould and moss.

PHYSICAL & CHEMICAL PROPERTIES

Physical state: Liquid

Colour: white

Odour: characteristic

pH: 8 – 10

Density: 0.99 – 1.03

SAFE HANDLING

Ensure the correct PPE are worn at all times when handling, dispensing or using chemicals. All PPE should comply with appropriate standards and be readily available for use.

In case of an accident please refer to the product Safety Data Sheet (SDS) for immediate first aid measures and helpline telephone number for a medical emergency.

HANDLING
