

HARD SURFACE CLEANERS

6627/08
5 LITRE

ORANGE MPC INFORMATION SHEET

USE:

A blend of environmentally friendly surfactants and citrus solvent that will safely remove oil, grease and grimes from most types of hard surfaces including floors and walls.

DIRECTIONS:

Wear protective gloves.

Dilute 1 part with 10 parts of water for heavy duty cleaning. Dilute 1 part with 100 parts of water for general purpose cleaning of hard surfaces. Apply to the surface with mop or cloth, leave to react for a few seconds and then wipe off the dirt with the mop/cloth, rubbing stubborn marks. Rinse the mop/cloth frequently in clean water. Vertical surfaces should always be cleaned from the bottom up to avoid unsightly streaking. When dry, surfaces may be polished with a dry cloth. May be used neat for severe soiling.

TECHNICAL:

State:	Liquid
Colour:	Orange
Odour:	Characteristic odour
Oxidising:	Non-oxidising (by EC criteria)
Solubility in water:	Soluble
Viscosity:	Non-viscous
Flash point°C:	70
pH Level:	>12

PERSISTENCE AND DEGRADABILITY: Biodegradable.
